

15" LCD Monitor. Optional 17" and 19" also available)

1U Rackmountable Unit

106 key keyboard and touchpad (optional trackball version)

Rail Lock Switch

Introduction

CYCLOPS-G Series is a series of 19" cost efficient 1U rackmountable KVM unit monitors and controls up to 16 computers (expandable to 128 computers), assists in efficient management of valuable space. The series provides options of 15", 17" or 19" LCD monitor. On Screen Display provides you with control over frequency, resolution, backlight luminance and brightness of the video display. Password function enables limited access to all the computers for extra security. The new additional features of this console includes the easy reachable rail-lock switch to avoid user's fingers from being clipped when pushing back the console and also new rail design that enables a single person to mount the console into the rack easily. Console that supports SUN systems is also available.

Features

- 19" 1U rackmountable LCD/Keyboard drawer with 15" LCD, keyboard and touchpad or optional Cherry keyboard with trackball
- 8 port or 16 port KVM
- Sun Systems 17" and 19" versions also available
- On Screen Display to control frequency, resolution, backlight luminance and brightness of the video display
- Rail-Lock Switch for maximum safety
- New rail design to enable single person to install the console into the rack
