

1U Rackmount Chassis for ATX Motherboard with 3 Drive Bays, 1 PCI Slot Riser Card and 250W ATX Power Supply

Retaining Bar

(1) PCI Slot Riser-card

(5) 4cm Ball Bearing Fans

Auto-switching Power Supply

External Brackets for (1) 5.25"
and (2) 3.5" Drives

Front Door Latch

8Ω 0.4W Buzzer

Introduction

RCK-103M is a no-nonsense rackmountable 1U chassis that supports practically all kinds of ATX motherboards. Supported by five 4 cm fans, the design allows efficient airflow to ensure excellent heat dissipation critical for heat sensitive applications. Retaining bar reduces board vibration significantly and enhances system stability and durability. With one 5.25" CD/DVD-ROM drive bay and two 3.5" drive bays for HDD, **RCK-103M** is an ultra cost efficient entry-level solution for simple server, FTP, WEB, Mail or Firewall server, client server or data backup server. A 250W power supply is also provided for P4 system.

Features

- EIA RS-310C 19" 1U Rackmount Standard
- Supports ATX, Micro ATX, Flex ATX motherboard and server board
- One 5.25" CD/DVD-ROM drive bay, two 3.5" drive bays
- 250W auto-switching ATX power supply
- Riser card with 1 PCI expansion slot and retaining bar for extra stability
- Five 4cm ball bearing fans for excellent cooling

Mechanical Drawing

Construction

- Heavy duty steel

Color

- Black

Board Support

- ATX motherboard and server board

Drive Bays

- (1) 5.25" and (2) 3.5" external drives

Expansion

- (1) PCI riser card

Power Supply

- 250W 1U auto-switching power supply

Cooling System

- Total (5) 4 cm fans

Audio

- One 8Ω system buzzer

Switches

- On/Off Switch and Reset Switch

Indicators

- Power On/Off LED and HDD LED

Dimensions

- 434 (W) x 520.2 (D) x 44.6 (H) mm
- 17 (W) x 20.5 (D) x 1.8 (H) inches

Operating Temperature

- 0~55 °C

Gross Weight

- 8.4kg
