

# RCK-308M2

**AICSYS**  
ADVANCED INDUSTRIAL COMPUTER SYSTEMS

**3U Rackmount Chassis with (4) 5.25" and (4) 3.5" Drive bays, for ATX Motherboard, supports ATX PSU**

## Introduction

The **RCK-308M2** 3U Rackmount Chassis provides a class and resourceful solution for a variety of Industrial applications using ATX motherboard. Besides external four 5.25" bays and two 3.5" bays, **RCK-308M2** offers two 3.5" shock resistive drive bays; sufficient for applications that use quite significant number of drivers without having to use very bulky 4U chassis. Two levels temperature management relies on two 6cm ball-bearing fan that provide excellent cooling. **RCK-308M2** offers two 2.0 USB ports.

## Features

- 3U 19" Industrial rackmount chassis
- Heavy-duty steel, Black
- Support ATX motherboard
- (4) 5.25" and (2) 3.5" ext. drive bays
- (2) 3.5" internal drive bays
- (2) USB ports on front panel
- (2) 60mm ball-bearing fan
- Dual Lockable front door with replaceable air filter
- Supports 2U & 3U Power supply

## Construction

- Heavy-duty Steel

## Color

- Black

## Board Support

- ATX motherboard

## Drive bay

- (4) 5.25" external drive bays
- (2) 3.5" external drive bay
- (2) 3.5" internal drive bay

## Expansion

- (7) expansion slots

## Front Port

- (2) USB 2.0 connectors

## Switch

- Power On/Off, and Reset

## Indicator

- Power On/Off, and HDD activity LEDs

## Cooling System

- (2) 6cm ball-bearing fans

## Power Supply

- 2U & 3U ATX Power supply

## Operation Temperature

- 0~55 °C

## Dimension

- 430mm (W) x 132mm (H) x 510mm (D)

## Ordering Information

<b>RCK-308M2</b>	3U Rackmount chassis for ATX MB with (8) drive bays
<b>RCK-308M2-400W</b>	3U Rackmount chassis for ATX MB with (8) drive bays and 400W PSU
<b>RCK-308M2-500W</b>	3U Rackmount chassis for ATX MB with (8) drive bays and 500W PSU
<b>MR-K22C3</b>	Optional Mobile rack for (3) 3.5" SATA 3.0 hard drives
