

3U Rackmount Chassis with (4) 5.25" and (4) 3.5" Drive bays, for ATX Motherboard, supports ATX PSU

Introduction

The **RCK-308MA** 3U Rackmount Chassis provides a classy and resourceful solution for a variety of Industrial applications using ATX motherboard. Besides external four 5.25" bays and two 3.5" bays, **RCK-308MA** offers two 3.5" shock resistive drive bays; sufficient for applications that use quite significant number of drivers without having to use very bulky 4U chassis. Two levels temperature management relies on one 6cm ball-bearing fan that provide excellent cooling and Temperature monitor board that warns users when the system temperature is above normal. One extra space for optional additional fan is provided for more heat sensitive application. **RCK-308MA** offers two 2.0 USB ports.
