

4U Rackmount Chassis with only 280mm depth, with 2 drive bays and supports 14-slot backplane

Introduction

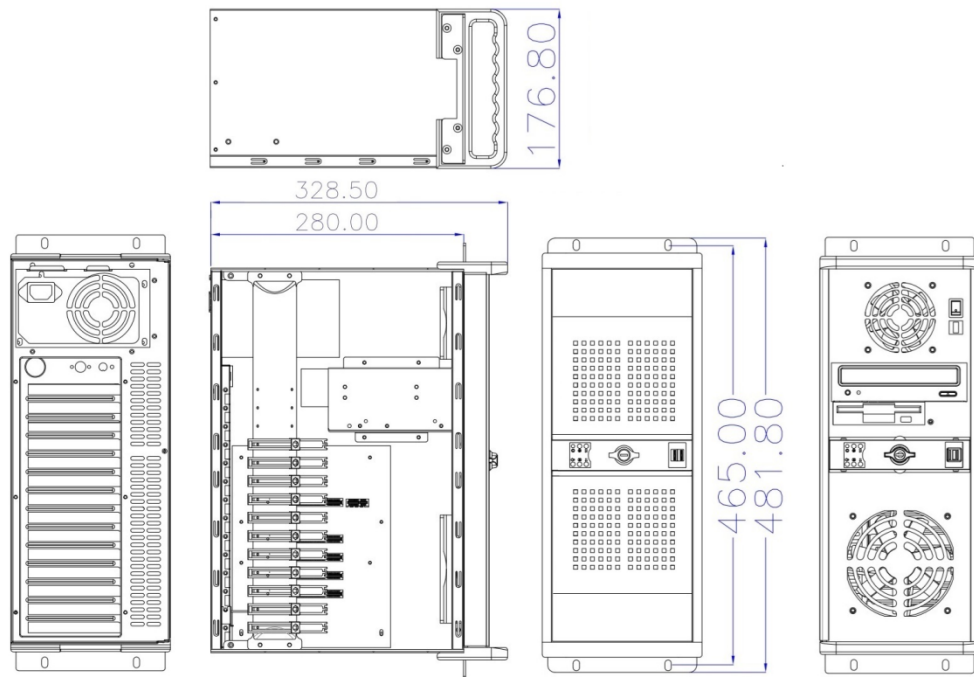

The **RCK-402BH** 4U 19" rackmount chassis with depth of only 280mm provides a classy and resourceful solution using 14-slot backplane to support multiple add-on cards, for a variety of Industrial applications. With one 5.25" and one 3.5" external drive bays, the **RCK-402BH** offers enough storage space for most application. Two ball-bearing Fans on the front panel provide reliable cooling for all the add-on cards installed inside. Support standard PS2 power supply for different power output wattage. Two USB 2.0 ports on the front panel are upgradable to USB 3.0 for specific needs.
